# ALPINE SKIING

Finnish Alpine skiers took part at the Olympic Games for the first time in St. Moritz 1948. It took 50 years before results began to show, however. In Nagano 1998 Kalle Palander finished ninth in men's slalom, and in Salt Lake 2002 Henna Raita was eighth in women's slalom. In Turin 2006 Tanja Poutiainen took Finland's first and so far only Olympic medal in Alpine skiing, silver in women's giant slalom. Poutiainen finished sixth in slalom in Vancouver 2010, but since that there have been no placings in the top ten.

Kaisa Mäkäräinen, Finland's greatest biathlon star of recent years, won great success in the World Cup but her best Olympic result was sixth place in the mass start race in Sochi 2014.

# CROSS-COUNTRY SKIING

Finland is one of the most successful nations in the history of cross-country skiing. Finnish skiers have won a total of 80 Olympic medals (21 gold, 25 silver and 34 bronze) since the start of the Winter Games in 1924. Finland's first Olympic skiing champion was Veli Saarinen, who won gold in 50 kilometres in Lake Placid 1932. When women's cross-country skiing became an Olympic sport in Oslo 1952, Finnish women led by Lydia Wideman swept all three medals in the first 10-kilometre race. The most successful Finnish Olympic skiers of all time have been Veikko Hakulinen, Eero Mäntyranta and Marja-Liisa Kirvesniemi (née Hämäläinen), all with three gold and seven overall medals.

Since the turn of the millennium most Finnish skiing medals have come in women's events. Aino-Kaisa Saarinen won a total of five Olympic medals between 2006 and 2014, and in Pyeongchang 2018 Krista Pärmäkoski took home three individual medals. The most successful Finnish skier of recent years has however been Iivo Niskanen, who took gold in men's team sprint in Sochi 2014 together with Sami Jauhojärvi and four years later in Pyeongchang won the classical 50-kilometre race to become Finland's first individual Olympic skiing champion since 1998.

In the past few years Ristomatti has been a trusted member of Finland's team sprint and relay squads in both Classical and Freestyle technique. In 2021 he earned his first major medal by taking silver in Freestyle team sprint in partnership with Joni Mäki at the World Championships in Oberstdorf. He made his senior debut at the World Championships of 2019 in Seefeld, but his real breakthrough came in the spring of 2021. Joni made a name for himself with his brave anchor legs in relays, the most famous of which earned Finland a sensational silver medal in team sprint at the World Championships in Oberstdorf. ## IIVO NISKANEN

\* 1992  
Club: Puijon Hiihtoseura  
Coach: Olli Ohtonen

The Finnish flag was raised and the national anthem played at the closing ceremony of Pyeongchang 2018 in honour of Iivo Niskanen's victory in the last men's event of the Games, the Classical 50-kilometre race. That was the second Olympic gold of Iivo's career: the first came in team sprint in Sochi 2014 together with Sami Jauhojärvi. A third Olympic title in Beijing 2022 would make Iivo only the second Finnish skier to win gold at three Games. With two gold medals he already is the most successful Finnish Olympic athlete in any sport in the last 20 years. The new Olympic season has indeed started with success: Iivo won the first two Classical technique races in the World Cup. Iivo's third major title win came at the World Championships of 2017 in Lahti, Finland. He was voted Finnish Athlete of the Year after each of his three victories: in 2014, 2017 and 2018.

Johanna made her major debut in the Finnish senior skiing team in 2017 after taking silver in skiathlon at the World Under-23 Championships earlier that year. In 2021 she earned her first major medal in the senior ranks, bronze in relay at the World Championships in Oberstdorf. The present Olympic season has seen Kerttu return to form: on 29 December 2021 she took her third World Cup victory in Lenzerheide, a few hours before her brother Iivo won his race. # FIGURE SKATING

Figure skating was the first winter sport in which Finland won an Olympic medal. This took place before the birth of the Winter Games: Ludowika and Walter Jakobsson won gold in pairs competition in Antwerp 1920. Four years later the Jakobssons took silver in Chamonix. They still remain Finland's only Olympic medallists in figure skating. In men's singles competition the best result has been Marcus Nikkanen's fourth place in Lake Placid 1932, in women's skating Laura Lepistö's sixth place in Vancouver 2010. In ice dancing Susanna Rahkamo and Petri Kokko finished fourth in Lillehammer 1994.

# ICE HOCKEY, MEN

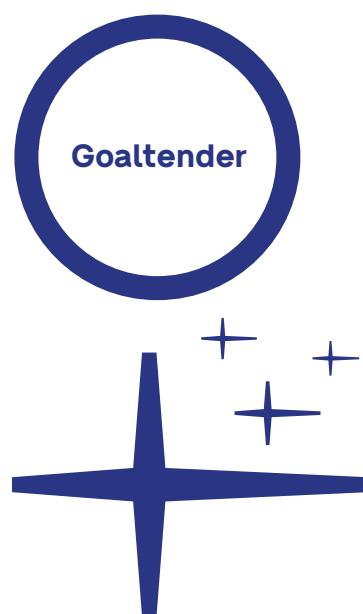

The Finnish ice hockey team, known as the Lions, took part at the Olympic Games for the first time in Oslo 1952, finishing in seventh place. The long-standing dream of an Olympic medal finally came true in Calgary 1988, when the Finnish Lions won silver after defeating the USSR in the final game. Since that Finland has established its position as a permanent medal contender. The Lions won bronze in Lillehammer 1994 as well as in Nagano 1998, when NHL professionals played in the Olympic tournament for the first time. The 2006 Games in Turin saw the best ever Finnish performance on Olympic ice: the Lions went undefeated in the tournament all through to the gold medal game, only to lose to perennial rivals Sweden 2–3. Finland took bronze in Vancouver 2010 as well as in Sochi 2014 after eliminating hosts Russia in the quarter-final game. In five Olympic tournaments open to NHL players between 1998 and 2014 Finland won four medals, more than any other country. In Pyeongchang 2018 Finland finished sixth.

Jussi Olkinuora was the third-choice goaltender in the gold-medal-winning Finnish team at the World Championships of 2019. Jussi played for three years for minor league affiliates of the Winnipeg Jets but did not make an NHL debut. For the past three seasons he has guarded nets with distinction in the KHL, first for Vladivostok and since 2019 for Metallurg Magnitogorsk.

## FRANS TUOHIMAA

Frans Tuohimaa was a surprise inclusion into the Finnish Olympic team: before this season he had played only a few European Hockey Tour games with the Lions. He earned his call by his good performances with his new KHL team Neftekhimik Nizhnekamsk. Frans comes from a well-known hockey family: his uncle Harri Tuohimaa played for Finland at the 1984 Olympic Games in Sarajevo.

# JUUSO HIETANEN

Juuso Hietanen made a successful Olympic debut in Sochi 2014: his goal proved decisive in Finland's victory over the USA in the bronze medal game. Juuso played for Finland at every Olympic and World Championship tournament between 2012 and 2018 but has not been called for major duty since the Pyeongchang Games. He played in the KHL for ten consecutive seasons with Torpedo Nizhny Novgorod and Dynamo Moscow before moving to the Swiss League in 2021.

# VALTTERI KEMILÄINEN

Valtteri Kemiläinen makes his major tournament debut on Olympic ice. He won the Finnish championship title of 2017 with Tappara and joined Vityaz Podolsk, his first foreign team, in 2021. Valtteri's excellent first season in the KHL and good performances in the national team tournament in Moscow in December earned him a call to the Beijing squad, where he is joined by his Vityaz teammates Miro Aaltonen and Niko Ojamäki.

# PETTERI LINDBOHR

\* 1993  
Team: Jokerit, Helsinki (KHL)

Petteri Lindbohm celebrated the World Championship title in Bratislava 2019 and did his best to repeat the feat in Riga 2021: he scored in the third period to put Finland into 2-1 lead in the final against Canada, but eventually the Lions lost the game in overtime and had to settle for silver. Petteri played in North America for four years with the St. Louis Blues and their AHL affiliate Chicago Wolves. After three more years in Switzerland he returned to his old team Jokerit, who in the meantime had joined the KHL.

## ATTE OHTAMAA

\* 1987  
Team: Oulun Kärpät

Atte Ohtamaa made his major international debut at the World Championships of 2014 and has been called to national team duty every winter since that. With one gold and three silver the big defender has more World Championship medals under his belt than any of his team-mates in Beijing. Atte has also won two Finnish championship titles with his home team Kärpät and one KHL title with Ak Bars Kazan in 2018. He returned home to Kärpät in 2021 from his second spell in the KHL. He is the only defender in the Beijing team who plays in the Finnish domestic league.

## VILLE POKKA

\* 1994  
Team: Avangard Omsk (KHL)

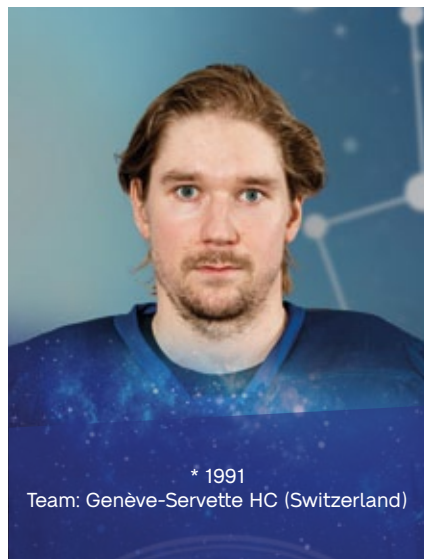

Ville Pokka is a current KHL champion after winning the Gagarin Cup with Avangard Omsk in the spring of 2021. He tasted even more success in 2014, when he won the Finnish title with his home team Kärpät, the Matti Keinonen Trophy as the player with the best plus/minus rating in the Finnish League, and the U20 World championship title with Finland's Young Lions. Somewhat less successful were Ville's four years in North America, as the Chicago Blackhawks did not give him an NHL debut. In the senior national team Ville has earned World Championship silver medals in 2016 and 2021.

# SAMI VATANEN

Sami Vatanen moved to the NHL at the age of 21 with two consecutive best defender's prizes of the Finnish League under his belt. He spent nine years in the big league, playing in a total of 473 regular season games for Anaheim Ducks, New Jersey Devils, Carolina Hurricanes and Dallas Stars. During this time Sami was seldom available for national team duty, Olympic bronze from Sochi 2014 being his only medal to date. The year 2021 saw Sami return to Europe, sign for Genève-Servette and make an instant impact in the Swiss League as well as in national team tournaments with the Finnish Lions.

# MIRO AALTONEN

\* 1993  
Team: Vityaz Podolsk (KHL)

Miro Aaltonen has been playing his best hockey in the KHL after returning to his old team Vityaz Podolsk from SKA in 2021: he currently holds tenth place in the league's scoring statistics. Miro was Finland's leading scorer in the European Hockey Tour tournament in Helsinki in November and duly earned a call to his first Olympic Games. His only previous major event with the Lions was the World Championships of 2017.

# MARKO ANTILA

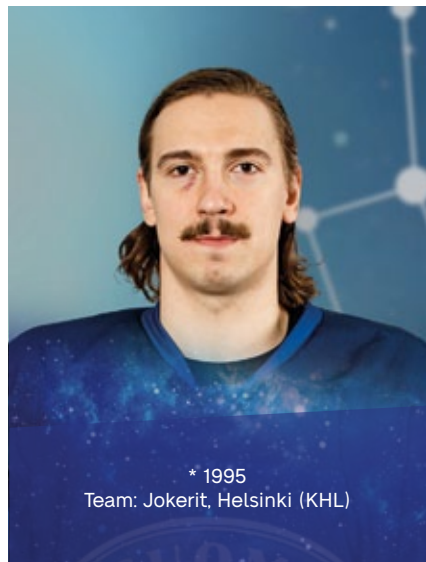

Marko Anttila became a national hero in 2019: the captain of the Finnish Lions scored two goals in the quarter-final against Sweden, the only goal in the semi-final against Russia and the first two Finnish goals in the 3–1 win over Canada in the final, leading his unheralded team to a sensational gold medal at the World Championships in Bratislava. Repeat of the feat in Riga 2021 came close, but Finland lost the final to Canada in overtime. Towering at 203 cm without skates, Marko is the tallest Finnish Olympic Winter Games athlete as well as Finland's tallest national team hockey player ever.

Hannes Björninen scored the winning goal in Finland's 2-1 victory over Germany in the semi-final of the 2021 World Championships in Riga, his first major tournament for the Lions. Hannes moved to Jokerit from his home team Pelicans Lahti in 2021. He had the best face-off percentage in the Finnish League two years running and currently leads that statistics in the KHL as well.

# VALTTERI FILPPULA

Valtteri Filppula brings an enormous wealth of NHL experience to the service of the Lions in Beijing. He played a total of 1,056 regular season games over 16 seasons with Detroit Red Wings, Tampa Bay Lightning, Philadelphia Flyers and New York Islanders, won the Stanley Cup with the Red Wings in 2008 and played in the finals in 2009 and 2015 as well. While playing for top teams in the NHL Valtteri had very few opportunities to don the Lions jersey: Olympic bronze from Vancouver 2010 has been his only medal. Move to European rinks in 2021 has given him a good chance to remedy that.

# MARKUS GRANLUND

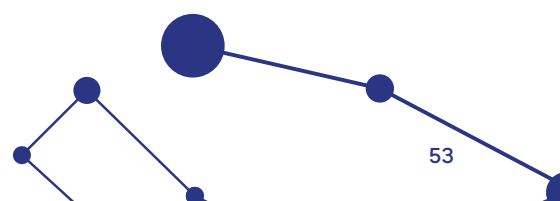

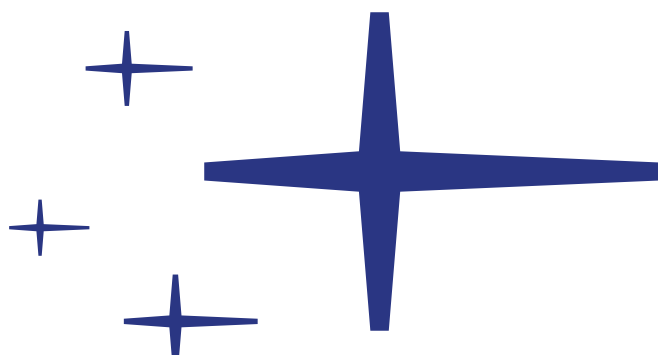

Markus Granlund formed a powerful all-Finnish offensive line with Teemu Hartikainen and Sakari Manninen when he moved to Salavat Yulaev Ufa in 2020 after seven years in the NHL with Calgary Flames, Vancouver Canucks and Edmonton Oilers. He placed eighth in scoring statistics of the KHL in the 2020/21 season. The whole Ufa trio was called to the Finnish Olympic team for Beijing, which will be Markus's first major tournament for the Lions. Markus may become his family's second Olympic medallist: his older brother Mikael earned bronze in Sochi 2014 and is currently playing in the NHL for the Nashville Predators.

# TEEMU HARTIKAINEN

\* 1990  
Team: Salavat Yulaev Ufa (KHL)

Teemu Hartikainen has become a legend for Salavat Yulaev Ufa: the current season is his ninth with the team. In the 2020/21 season Teemu finished second in the scoring statistics of the KHL, ably assisted by his Finnish linemates Sakari Manninen and Markus Granlund. Teemu was one of Finland's best scorers at the U20 World Championships of 2009 and 2010, but calls to senior national team duty have been rare: he has played at only one World Championship tournament and the Pyeongchang Olympic Games.

# LEO KOMAROV

Leo Komarov was born in Soviet Estonia to Russian parents and moved to Finland as a child. Since 2009 he has been travelling back and forth between the KHL and the NHL; his 2021 transfer from New York Islanders to SKA St. Petersburg was his fourth move across the Atlantic. Leo played for the Finnish Lions at every major tournament between 2009 and 2016, earning Olympic bronze in Sochi 2014 as well as one gold and two silver medals at World Championships. Beijing will mark his comeback to the team after more than five years.

# ICE HOCKEY, WOMEN

Finland was a pioneering country of women's ice hockey in Europe. The Lionesses won bronze in the first women's Olympic tournament in Nagano 1998. Finland finished fourth in 2002 and 2006 and took bronze again in Vancouver 2010. A disappointing fifth place in Sochi was followed by a return to bronze age in Pyeongchang 2018. Finland has finished third at most World Championships as well behind Canada and the USA, but in 2019 the Lionesses took silver after losing the final to the USA in penalty shootout.

## ANNI KEISALA

\* 1997  
Team: Ilves, Tampere

Anni Keisala made her debut in the national team in 2015 and minded Finland's net at World Championships for the first time in the spring of 2016. Following a string of injuries Anni was not called for duty for a couple of years, but in the 2020/21 season she made a powerful comeback. Anni's saves were instrumental in Finland's progress to bronze medal at the World Championships in Calgary in August 2021, and she was duly selected best goaltender of the tournament. Anni has played all through her career in the Finnish domestic league. She studies for a degree in social sciences at the Tampere University of Applied Sciences.

## PETRA NIEMINEN

\* 1999  
Team: Luleå HF/MSSK (Sweden)

Petra Nieminen was the youngest player in Finland's bronze medal team in Pyeongchang 2018. In 2019 she wrote her name into history books by scoring an overtime goal in the World Championship final against the USA – only for the goal to be disallowed by video review after an agonizing wait of 12 minutes. Finland went on to lose the game in a penalty shootout. At the next World Championships in 2021 Petra scored six goals and was selected to the All Star team of the tournament.

## TANJA NISKANEN

\* 1992  
Team: KalPa, Kuopio

Tanja Niskanen has played nearly all her career for her home team KalPa, silver medallists in the Finnish women's league in 2021. What that has kept her put is her job in the Air Force: she works as a non-commissioned officer at an air surveillance unit near Kuopio. Tanja made her World Championships debut back in 2011 but had to wait for her next call for five years. Since 2016 she has been a regular choice for the Lionesses, collecting an Olympic bronze and one silver and two bronze medals at World Championships.

# SUSANNA TAPANI

Susanna Tapani is a world star in two different winter team sports. She is one of the best ringette players in the world with four World Championship titles under her belt. In ice hockey Susanna has earned Olympic bronze in 2018 and five World Championship medals. She scored a goal and an assist in Finland's 3–2 victory over OAR in the bronze medal game of the 2018 Olympic tournament in Pyeongchang. At the unforgettable World Championships of 2019 in Espoo, Finland Susanna scored the winning goal against Canada in the semi-final and Finland's goal in the final against the USA. The game ended 1–1 and was decided in a penalty shootout, in which Susanna missed the decisive shot. At club level Susanna's career has been chequered, mainly due to her ringette commitments. This season she has trained with junior men's hockey teams in Finland and will join her Russia-based team only after the Beijing Games.

# SANNI VANHANEN

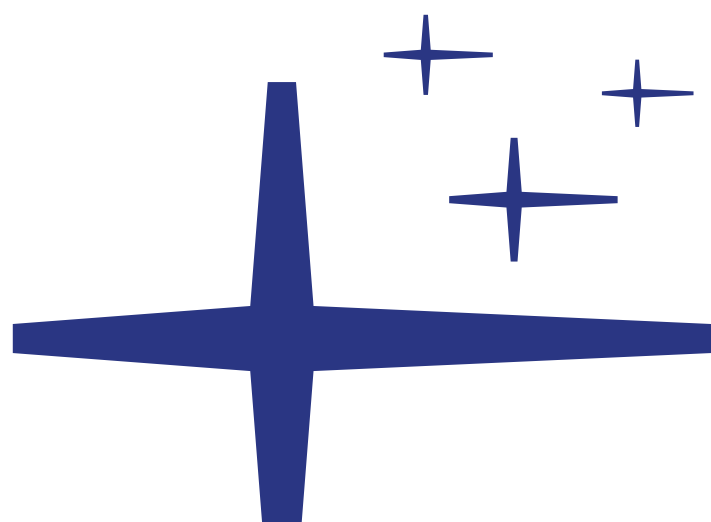

\* 2005  
Team: Tappara, Tampere

Sanni Vanhanen, 16, is the youngest athlete of the Finnish Olympic team in Beijing, all sports considered. She will not quite break the record if Finland wins a medal: Emma Terho (née Laaksonen) was six months younger when she took bronze in ice hockey in 1998. Sanni is considered an exceptional prospect: she was 15 when she was selected to the senior national team for the 2020 World Championships. That tournament was cancelled but one year later Sanni made her debut with immediate impact: she scored the only goal in Finland's 1-0 victory over Czech Republic in the quarter-final.

## EMILIA VESA

Emilia Vesa had an excellent hockey season 2020/21: she won the Finnish championship title in her first season with Kiekko-Espoo and the individual award for the best plus/minus rating in the league. That earned her a call to her first senior World Championships in Calgary, from where she came home with a bronze medal. Emilia's first international medal was bronze at the U18 World Championships of 2019 in Japan.

# NORDIC COMBINED

Finland's Heikki Hasu became the first ever non-Norwegian Olympic champion in Nordic combined in St. Moritz 1948. At the Salt Lake Games in 2002 Finnish athletes swept the board in Nordic combined: Samppa Lajunen won gold in both two individual events and led Finland to victory in the team competition as well. Team bronze in Turin 2006 has been the last Finnish Olympic medal so far, but with 14 medals in all, Finland still holds third place in Olympic statistics of the discipline. In Pyeongchang 2018 Eero Hirvonen finished sixth in both individual events, and Finland was sixth in the team competition as well.

## MEN

### ILKKA HEROLA

\* 1995  
Club: Puijon Hiihtoseura  
Coach: Petter Kukkonen

Ilkka Herola's silver in normal hill competition at the World Championships of 2021 in Oberstdorf was not only Finland's first medal in Nordic combined in 14 years but also a great personal relief. Ilkka has won the Best Skier Trophy in the World Cup in the past two seasons, but he has often lost too much in ski jumping to compete for medals. In individual World Cup competitions he has taken several podium places but is still looking for his first victory. Ilkka took a promising start to the Olympic season by winning the 2021 Summer Grand Prix circuit. He enjoys playing the guitar and drums in his free time.

### EERO HIRVONEN

\* 1996

Eero Hirvonen made an excellent Olympic debut in Pyeongchang 2018, placing sixth in all his three competitions. In the World Cup that season he gained five podium places and finished sixth in the overall classification. The following three years have been difficult, however, as Eero has battled with a long string of injuries. The latest one postponed the start of his Olympic season until mid-December. In January he announced his comeback by finishing fifteenth in a World Cup competition in Klingenthal.

In the following years development stalled, as Arttu struggled with his ski jumping form. The Olympic season has seen improvement, and in December Arttu took his best World Cup result in two years by finishing 17th in Ramsau.

In the World Cup Otto earned his points in Otepää in December 2021. Unusually for ski jumpers and Nordic combined athletes Otto hails from the famously flat province of South Ostrobothnia.

# SKI JUMPING

Finland has won ten Olympic gold medals in ski jumping and still holds second place in the all-time medal table of the sport. The first Finnish Olympic champion was Antti Hyvärinen in Cortina d'Ampezzo 1956, and the latest has been Jani Soininen who won the normal hill competition in Nagano 1998. The most successful ski jumper in Olympic history has been Finland's Matti Nykänen who took gold and silver in Sarajevo 1984 and all three gold medals in Calgary 1988. Finland won two silver medals in Turin 2006, and Janne Ahonen finished fourth in normal hill in Vancouver 2010, but results have been dwindling since that.
